## GLOBAL FM AWARDS FOR EXCELLENCE IN FACILITIES MANAGEMENT

Global FM Awards for Excellence in Facilities Management recognise efforts by individuals or teams within the FM industry, from researchers through to facility operators, who have made a positive contribution to the knowledge, practical application and communication of strategies to improve the workplace environment and sustainable performance of their facilities. These awards of Excellence in FM are intended to recognize the “best of the best” within the FM world and to promote the strategic value and progress of facilities management. These awards will give an invaluable worldwide recognition to recipients for their commitment and success in promoting and enhancing FM practices.

The recipients of these awards will have demonstrated the value of their innovations/improvements to the community through sustainable outcomes in the FM industry. The innovations and/or improvements will have arisen from research or an initiative and will be substantiated by supporting documentation or independent verification of the outcomes of the initiative, or in the case of research, the key findings.

Three levels of recognition will be awarded:

- ◆ **Platinum Award of Excellence in FM**
- ◆ **Golden Award of Excellence in FM**
- ◆ **Silver Award of Excellence in FM**

The Awards' winners announcement will take place on 24 June 2010  
during World FM Day celebrations
